### 2015 SWS Virtual Expo Fall Edition Agenda

(Schedule reflects Eastern Time Zone)

10:00 a.m. - 11:00 a.m. Eastern: **Virtual Expo opens** — networking opportunities; visit with exhibitors; view on-demand webinars

11:00 a.m. - 12:00 p.m.: Morning keynote, including Q&A: **Integrated Management of Storm Water Assets, Systems & Funding.**

Presenters: Andrew K. Smith – Flood Management Practice Lead, Black & Veatch Water; Prabha Kumar – Director, Utility Stormwater Consulting, Black & Veatch Management Consulting; James Schlaman – Director of Water Resources/Integrated Planning Practice Lead, Black & Veatch Water

12:00 p.m. - 12:30 p.m.: Visit Exhibit Halls

12:30 p.m. - 1:30 p.m.: **Featured Smart Cities Webinar: Smart Water with AMI Analytics** including Q&A

Learn how advanced metering infrastructure (AMI) ensures sophisticated network management for water utilities, offering unprecedented access to real-time information about consumption, system demand and pressure points, as well as synchronized data and smarter alerts for operators and consumers.

1:30 p.m. - 2:00 p.m.: Visit Exhibit Halls

2:00 p.m. - 3:00 p.m. Afternoon keynote, including Q&A: **Permeable Pavement Design & Construction for Allston Way, Berkeley, Calif.**

Presenter: Lori Schaus, Applied Research Associates

The city of Berkeley, Calif., recently completed the rehabilitation of a section of Allston Way in the downtown core. In keeping with the progressive image of the city and to assist in reducing storm water runoff and improving runoff quality, the rehabilitation included the installation of permeable interlocking concrete pavement (PICP).

3:00 p.m. - 3:30 p.m.: Visit Exhibit Hall

3:30 p.m. - 4:30 p.m.: Moderated Chat Session

4:30 p.m. - 5:00 p.m.: Networking opportunities — visit with exhibitors; view on-demand webinars
